**Welcome to NEPCO's First Ever
Awning Supplies Catalog!**

NEPCO has been serving the sign and graphics industry since 1928. Our commitment to customer service has earned us more than a thousand returning customers in the Northeast and beyond.

It is in this spirit that we announce our entry into the Awning Supplies business. We will serve our new industry and customers with the same excellent service that has allowed our company to grow over the years.

Our truck delivery and low minimums are two things that distinguishes NEPCO from our competition. Low delivery minimums matched with our everyday low prices and in-stock availability is our recipe for success.

You should also note that we stock more than 10,000 different SKUs, in our warehouse... so if there's something you need... we probably have it. Just give us a call!

Consider trying NEPCO for your next supply order. You won't be disappointed.

~ Kirk Dexter, President.

Order Center Hours

Monday-Friday 7am-5pm

Warehouse/Counter Hours

Monday-Friday 8am-4pm

Our holidays can be found on our website.

Order Cut-Offs

Most UPS orders placed by 2pm will ship same day.

Delivery orders placed by 5pm will be delivered on the customer's next scheduled delivery day.

Payment Methods Accepted

Cash or Company Check
NEPCO Account
UPS COD

Our Office and Warehouse is located at:
125 Amaral Street
East Providence, RI 02915

Ordering/Shipping

When placing an order, please be certain to give your sales representative all pertinent information i.e. color, size, quantity and all item numbers (if known). Following this procedure will insure accurate processing of your order. We encourage the use of FAX or email.

Our delivery vehicles are standing by to provide accurate, timely delivery with any order received before 5:00PM THE DAY PRIOR TO YOUR SCHEDULED DELIVERY.

Please note that the minimum for delivery will vary based on your location. Call your sales rep for your minimum order. Unsuccessful deliveries may be subject to a \$5.00 re-delivery charge. UPS delivery (next day within Zone 2) will go out the day that the order is placed, as long as it is received prior to 2:00PM.

Returns and Defective Product

Please contact our returns department (Jeanette at x25) and a return authorization number will be assigned. All return claims must be made within 30 days of the invoice date. Defective items do not apply. Any unused items must be returned in its original packaging. We reserve the right to charge a fifteen (15%) percent restocking and handling fee on all returnable merchandise.

At no time, will NEPCO accept the return of lamps that are out of their case, even if they were purchased out of their case. NEPCO reserves the right to refuse the return of any item. (Our driver will test all bulbs for you on delivery)

NET Terms

Open accounts are available to qualified companies on credit approval. Open accounts carry net 30 terms with interest charges of one and one half (1.5%) percent per month levied against all delinquent accounts.

To open an account, please contact your sales representative. They will ensure that you are emailed a credit application package from our credit department. Please allow one to two weeks for approval notification. Until such time, all accounts will be on a pre-paid or COD (credit card or company check) basis.

Return of Checks Due to Insufficient Funds

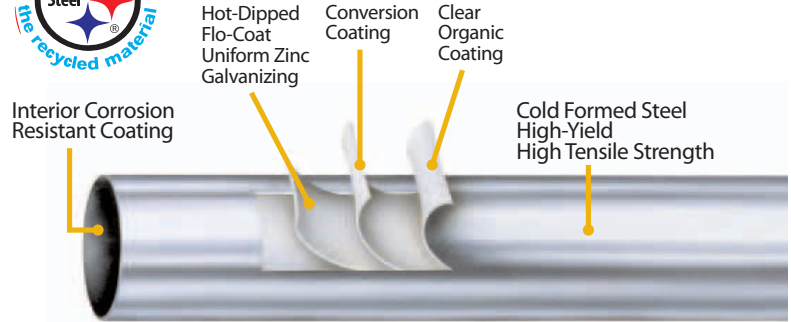

Processing bounced checks is costly, so we will add \$30.00 automatically to your account for any and all checks that do not clear the bank.

Please call us if you have any questions!

Introducing Recasens High Performance Fabrics

NEPCO is proud to be affiliated with Recasens USA. 100% Solution Dyed Acrylic Marine, Awning, Umbrella Fabrics, Waterproof Marine products, PVC coated fabrics, Outdoor Furniture and Shade Screen fabrics.

Recasens is the leading awning fabric in Europe!

S.A. Recasens is a fifth generation, family owned business founded in 1886. Recasens owns its own spinning, weaving, coating and finishing facilities, as well as offering full service R&D, design and testing services. Recasens USA has built its reputation as a powerful force in the textile industry by manufacturing high performance textiles, including the top rated Recacril® 100% solution dyed acrylic marine and awning canvas.

Recasens is the chosen supplier for many leading OEM manufacturers in the Marine and RV industries. Customers include Carefree of Colorado, manufacturer for the global OEM and Aftermarket RV market, and OEM boat companies Stingray, Cobalt, and Rinker power boats and Ameritex Fabric Systems to name a few.

Additional High Quality, High Performance Fabrics

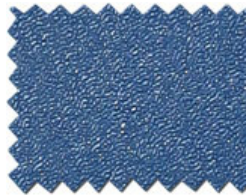

RW-172 Blue (Shown)

Recwater Waterproof Acrylic

Recwater® is a waterproof product line that combines Recacril 100 percent solution-dyed acrylic with a PVC coating to create a material that resists weather, fading and shrinking. Recwater is available in 14 colors for automotive, marine, and other outdoor applications. Recwater comes in 60-inch width and 12 colors.

Roll Sizes: 47" x 65yd & 60" x 65 yd

R-007 Blue (Shown)

NautiPlus & Nautimar Marine

Recasens' newest marine textiles, Nauti Plus® (12.7 ounces and PVC coated on two sides), and Nautimar® (8 ounces and coated on one side), are produced in 86-inch width.

Roll Size: 86" x 65 yds

R-7172 Wheat (Shown)

Decorline Furniture Fabric

Recacril Decorline® furniture fabric is an 8-ounce, furniture grade, 100 percent solution-dyed acrylic. Available in 20 solid colors and six patterns, this 54-inch fabric is used on marine or outdoor furniture cushions. Decorline is highly resistant to fading, tearing, stains and weather.

Roll Size: 54" x 65 yds

000 Blanco (Shown)

RecScreen Shade Screen

RecScreen® polyester shade screen filters UV rays and improves air circulation. RecScreen's **antibacterial, lead-free coating and fire-retardant characteristics** provide additional value to the environmentally conscious consumer. RecScreen's 118-inch width is unique in the industry, making it highly efficient during production and adaptable for a variety of applications in the shade screen product marketplace.

Roll Size: 118" x 32yds

158 Beige (Shown)

Solrec Polyester Awning

Solrec® a PVC/polyester for use in fabricating awnings, veranda covers, window shades and architectural shade systems, comes in 118-inch width and 32-yard lengths.

Roll Size: 118" x 32yds

Small order? No problem! NEPCO delivers with low-minimums and we don't use common carriers.

Cooley / Sign & Awning

The Benchmark for Eradicable Backlit Substrates

Cooley-Brite II® 10 Year Warranty

- 20 ounce, Eradicable, Flexible Sign and Awning Membrane
- This top-of-the-line membrane possesses all the advantages of our colored Cooley-Brite® and more. It features the added protection of our Coolthane® formulation, which enhances cleanability and extends the life of the product to 10 years.
- Available in 20 popular colors

Cooley-Brite® 8 Year Warranty

- 20 ounce, Eradicable, Flexible Sign and Awning Membrane, Cooley-Brite is a classic and enduring awning membrane used in end user applications worldwide.
- Nearly invisible to allow for maximum light diffusion, consistent translucency and brilliant colors in backlit signs and awnings. Treated with anti-wick, ultraviolet stabilizers, fungicides and whiteners for excellent color protection, durability and long life.
- Available in 16 bright colors

Cooley-Brite® Lite 8 Year Warranty

- 16 ounce, Eradicable, Colored, Flexible Membrane
- Translucent, flexible, durable, and features excellent lay-flat characteristics. Engineered for high color brilliance and consistent color translucency.
- Available in 20 bright colors

Roll Sizes:

6'-6" x 10 yd, 30 yd & 50 yd rolls

Custom seamed & cut yardage available.

ARLON SIGNTech®

Premium Backlit Vinyl Substrates

COLORKOTE™ TC 8 Year Warranty

Colorkote TC is a premium 21oz. eradicable, flexible, vinyl substrate coated with premium ink and covered with our advanced FX outer protective coating. **Available in 21 popular colors**, this pre-decorated flexible substrate is created for the sign and awning industries for backlit graphic applications with solid background coverage.

Designed to be eradicated using Signtech Eradicator.

Roll Sizes:

7' x 10 yd, 25 yd, 50yd rolls

Custom seamed & cut yardage available.

Custom Cut to Size Also Available

ERADICOLOR™ 10 Year Warranty

ERADICOLOR is an 18 oz. intermediate-grade, eradicable, flexible, vinyl substrate. **Available in 15 popular colors**, this value-priced flexible substrate can be used anywhere where a medium-term signage/awning solution is needed. Stretch your dollar with ERADICOLOR.

Designed to be eradicated using Signtech Eradicator.

Roll Sizes:

7' x 10 yd, 25 yd & 50 yd rolls

Custom seamed & cut yardage available.

Cooley Weatherlyte® Advanced Awning Fabrics

Weatherlyte is a 16oz technically advanced waterproof awning fabric, which offers the luxurious look and feel of a woven fabric but has all the benefits of a high performance composite vinyl. Weatherlyte can be decorated with conventional techniques and all colors can also be easily digitally printed.

Weatherlyte is the perfect fabric for applications where protection from the environment is key, such as boat covers and bimini tops, flags, awnings, banners and so much more.

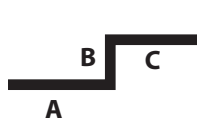

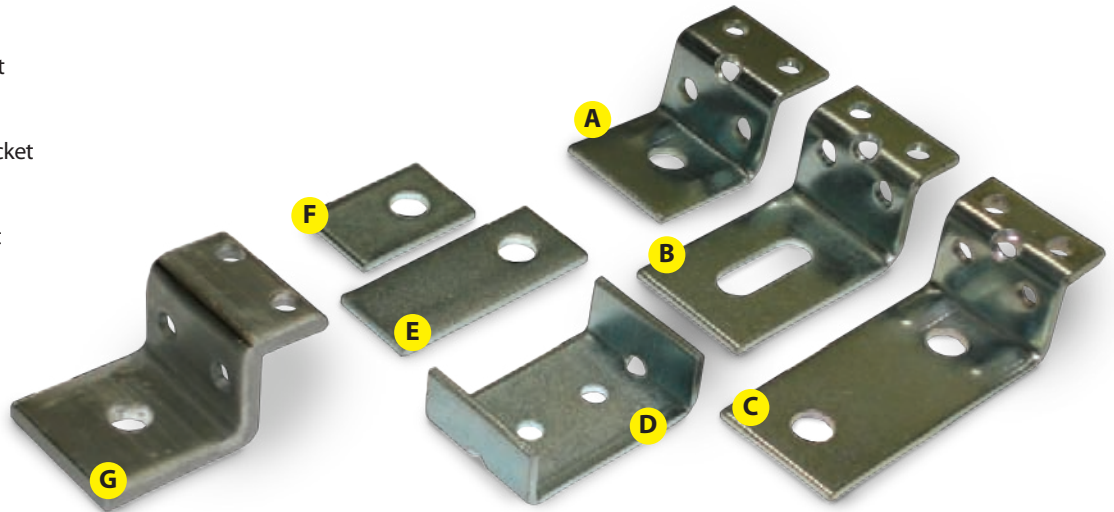

Weatherlyte is UV and fungus resistant and is available in 20 standard colors.

- **8-Year Warranty**
- Looks and feels like a woven fabric without the weaknesses of one
- **Waterproof** Awning Fabric, not just water resistant
- **Flame Resistant**- meets CA Fire Marshall, ASTM E 84, NFPA 701
- Digitally printable
- Resists sagging better than a woven acrylic
- Resists stains and fungus
- Easy to clean
- 16 ounce weight
- 74" width means less seaming

Styrene Egg Crate Awning Lens

White egg crate panels are the most popular material in the awning industry for overhead back-lit awnings. Egg crate panels conceal light fixtures and wiring while allowing substantial light to shine down.

Manufactured of durable styrene, they can easily be cut to size with standard cutting tools.

NEPCO is long known to be the Premiere Wholesale Neon Fabricating Facility in the Northeast. We're also one of the largest wholesale suppliers of ballasts, transformers, and all types electrical supplies for the sign, graphics and awning industry.
